

GINGERSNAPS PORTRAITS

GingerSnaps offers a variety of Portraits: **Family, Child, Senior, Maternity** and **Pet**.

While the beach is everyone's favorite spot, I also like to take advantage of the Outer Banks' beautiful sound front & landmarks (lighthouses, piers, docks, decks...)

Or a new location you may have in mind!

GingerSnaps Portrait Sessions are offered in the early morning and evening. Each session is scheduled to coordinate with the best natural lighting for portraiture and therefore exact times change depending on the season.

Most sessions last **45 minutes to 1 hour**.

A non-refundable deposit of \$125 is required to officially reserve the scheduled sitting date and time. Rescheduling due to a conflict and/or weather is dependant on availability.

Shoots in Manteo, North of Duck, and South of Oregon Inlet will be charged a \$30 travel fee. If you are on Carova Beach (in the 4x4 area, past the paved road in Corolla) or in Hatteras this travel fee bumps up to \$45. Please contact Ginger if you have questions about where your rental home lies!

All prices and packages are subject to change without notice. Quotes given via e-mail to prospective clients and written agreements or contracts with clients who have paid their deposit are not subject to such changes.

FAMILY

The goal for all my portrait sessions is for you to have as much fun at the shoot as I have! I will arrive a few minutes early so we can all meet and go over the basic gist of the shoot. I like to take a variety of posed and candid shots, and I have structured my shoots so you can relax and go with the flow (after all...you are on vacation!) GingerSnaps Family Portrait Sessions usually last 45 minutes to an hour depending on group size. You may also want to checkout GingerSnaps' "A Walk in Your Shoes" Package, where I join your family for a fun outing or favorite activity and candidly capture your day-to-day life, personality, and love!

KIDS

One of my favorite parts of being a photographer is working with kids; they are spontaneous, unpredictable, and are full of truly CANDID moments! No one is better at making us laugh, feel, and even act like kids again than a child!

For my younger customers, I have a few helpful hints:

- It's important to schedule your shoot when the natural light is at its best but also when your child will be happiest. Give GingerSnaps a call so we can determine the best time for great pictures and BIG smiles from the entire group.
- Feel free to bring along a fun beach toy, favorite blanky, or goofy relative that makes your child smile 😊
- For toddlers or kids spending their first time at the beach, the sand can be very intriguing. Bring a beach towel or damp cloth along to wipe the stubborn sand off hands, faces, and (believe me it happens) out of mouths.
- If your session is following a long, sunny day on the beach a nap or time to rest between bathing suits and the shoot is always a good idea.
- Most importantly, get ready to have fun!

SENIORS

GingerSnaps Senior Portraits are not your traditional cap and gown shots; they are photographs that reflect YOU! Feel free to bring along your guitar, pet, car, or whatever it may be that makes you stand out. This shoot usually takes an hour and allows time for one outfit change and up to 2 locations. Additional outfit or location changes can be added for an additional \$30.

MOMS-TO-BE

What a special time! This is a great shoot for expecting mothers whether you are starting a family or adding on. Around month 6 is the optimal time to schedule this shoot. In the warm months, a mixture of indoor and outdoor photographs provides great variety as well as outfits that accentuate your belly. This is a more intimate shoot, so I urge my moms-to-be to pick a location you will be comfortable in. For example, if you live in the area you may choose to do the shoot at home. Also, if there is a particular "look" you are going for please let me know so we can work together to accomplish this, and don't shy away from letting me know your comfort zone! Locals may also want take a look at GingerSnaps' "Little Miracles" package, which documents your pregnancy through your child's first year.

PETS

Don't forget to bring "the baby" of the family along on your shoot. I love integrating your pooch into family shots! It's not complete without the whole gang, right? GingerSnaps also offers solo sessions for your pet. This session is dedicated to catching your pet at his/her best, whether that is playing fetch, digging in the garden, or simply lazing around. This shoot usually takes a bit longer than the other portrait sessions, so owners bring along the toys and treats. And don't forget to practice... "SIT!"

THE WHOLE PICTURE

GingerSnaps also offers sessions that will capture the whole picture. These packages start at \$695 and capture you, your family, or your child in a unique way. Each package includes a personal online viewing/ordering gallery, a custom designed book, DVD Slideshow, and credit towards prints of your choice.
