

## GingerSnaps Philosophy

- We're at your wedding to capture every special moment and the energy of your day. Therefore, we shoot as many photographs as it takes to accomplish this and never limit coverage to a set number of images.
- All images are edited prior to online posting and proof fulfillment.
- Proofs are posted to your Personal Online Gallery for 12 months which provides easy viewing and ordering for you and your guests.
- All wedding packages include complimentary Gallery Password Wallets. These give family and friends the information they need to access to your Personal Online Gallery using the password you have selected. Couples love this extra as your guests won't be calling during your honeymoon to ask "How can I see the pictures?"
- Need us to stay longer? Additional coverage can be added off-the-cuff at your wedding. Additional coverage is \$200/hr. and can be added in 30 minute increments.
- A second photographer can be added to any wedding package for an additional fee. Please contact GingerSnaps Photography to receive a quote for your wedding!
- We are flexible and understand that it's YOUR wedding day. Please let us know how we can cater to you and your wedding plans; we're more than happy to work with you on designing a custom package so that you get everything you are looking for! Just take a look at the GingerSnaps Keepsakes to see what is offered.
- In order to reserve your wedding date, a non-refundable retainer of \$600 is required. The deposit retainer is subtracted from the total amount due for the wedding package you book.
- Due to the high demand for wedding photographers, it is important to hold your date as soon as possible! Please feel free to contact us by phone at **252.256.4422** or email **GingerSnapsPhotos@gmail.com** to inquire about our availability.

*Can't find what you're looking for?...* **Custom Packages** are always encouraged. If you are interested in 2nd photographer coverage or services not seen on our website, let us know, and we will be happy to accommodate!

We love to travel and are available for **Destination Weddings anywhere in the United States and Abroad!** (Pricing depends on travel expenses.)

# Engagement Bridal Boudoir Day After Trash the Dress

Each Session is **\$295** and lasts approximately 1-2 hours. The Session fee includes **\$50 Print Credit** -OR- a set of **50 Proofs (4x6)** as well as a **Personal Online Viewing/Ordering Gallery**.

Each session is geared toward YOUR personality and style. Therefore, I like to brainstorm creative ideas to make the images unique to you! Maybe a simple outfit change, a funky location, getting creative with any ideas you have.

Please read the brief descriptions below of each shoot so you can see what they entail...

**ENGAGEMENT SESSION** - He's popped "The BIG Question!" Now it's time to celebrate and get some professional photos for the house. The goal of this shoot is to mix shots of sweet little moments together, the ring, and catching you two having a great time together. I like to mix posed and candid shots so be ready for a bit of smooching!

**BRIDAL PORTRAITS** - After finding The Dress, many brides (and their parents) like to have bridal portraits taken to preserve this special time in your life. This shoot is typically more traditional and focuses on creating stunning images of the bride prior-to her wedding day. Many clients like to have a print on display at the ceremony and/or reception which is easy to accomplish with a bit of planning!

**BOUDOIR** - An intimate gift for your husband, boyfriend, or fiance. My clients in the past have expressed how happy they are to have a reminder of their natural beauty. This shoot is very intimate and therefore requires a phone consultation beforehand so we can discuss the "look" you want, comfort levels, and outfits; most clients want a mixture of lingerie, topless, and nude attire. All clothing or props are provided by the client, and this session can be scheduled before, on the day of, or after your wedding.

**TRASH THE DRESS** - A fresh and modern take on "Bridal Portraits," this session is scheduled after your wedding day. Budding from fashion and glamor photography, the theory behind this shoot is that you have found the person you are spending the rest of your life with, so why keep the dress?

For adventuresome, fun-loving couples who want to break away from the stress of wedding planning, I can think of no better way to celebrate the start of your life together!

**THE DAY AFTER** - This shoot is geared toward couples who don't want to take too much time out of their wedding day for a long string of posed pics. Like my "Trash the Dress" Session this shoot takes place sometime after your wedding day (wedding attire or casual) and is geared toward having a more extensive shoot together and possibly using a special location that can't be accessed the day of your wedding.
