

## GINGERSNAPS WEDDING COVERAGE

Before looking at my Wedding Packages, here are some things to keep in mind that I do for all my couples:

- I am at your wedding to capture every special moment and the energy of your day. Therefore, I shoot as many photographs as it takes to accomplish this and do not limit my coverage to a set number of images.
- All images are edited prior to online posting and proof fulfillment.
- Proofs are posted in your Personal Online Gallery for 12 months which provides easy viewing and ordering for you and your guests.
- All wedding packages include Gallery Password Wallets. These give family and friends the information they need to access to your Personal Online Gallery using the password you have selected. Couples love this extra as your guests won't be calling during your honeymoon to ask "How can I see the pictures?"
- Need me to stay longer? Additional hours can be added off-the-cuff at your wedding. Additional coverage is \$195/hr. and can be broken up into smaller increments.
- I am flexible and understand that it is YOUR wedding day. Please let me know how I can cater to you and your wedding plans; I am more than happy to work with you on designing a custom package so that you get everything you are looking for! Please take a look at my GingerSnaps Extras to see what I offer.
- In order to reserve your wedding date, a non-refundable deposit of \$600 is required. Once the deposit has been paid, we can work on the details of your wedding coverage at your convenience. The deposit is subtracted from the total amount due for the wedding package you book.
- Due to the high demand for wedding photographers, it is important to hold your date as soon as possible! Please feel free to contact me by phone at **252.256.4422** or email me at **GingerSnapsPhotos@gmail.com** to inquire about my availability.

*Can't find what you're looking for?... **Custom Packages** are always available. For coverage of 8 hours or more, I like to work with my couples to design the perfect custom package for your wedding day! If you would like multiple photographer coverage, let me know, and I will be happy to contract a fellow professional. (Rates will vary depending on the photographer.)*

I love to travel and am available for **Destination Weddings anywhere in the United States and Abroad!** (Prices depend on travel expenses.)

# **ENGAGEMENT BRIDAL BOUDIOR DAY AFTER TRASH THE DRESS**

Some of my Wedding Packages include your choice of the above photography shoots. However, you do not have to buy a Wedding Package to book these. Each session is **\$295** and lasts around an hour or two. The Session fee includes a set of **4x6 proofs** for you to keep. All your proofs will be posted in your **Personal Online Gallery** for easy viewing and ordering.

While I do take the “traditional” shots, each session is geared toward YOUR personality and style. Therefore, I like to take time before your session to brainstorm creative ideas that will make these images as unique and vivacious as you are! This may range from outfit changes to mixing up the location and getting creative with the ideas that you have. Please read the brief descriptions below of each shoot so you can see what they entail...

**ENGAGEMENT SESSION** – This session is dedicated to capturing the excitement and passion behind “Popping the BIG Question.” Mixing shots of the little things that make you a couple, your engagement ring, and basically catching you two having a great time together is the goal of this shoot. I like to mix posed and candid shots into this session so be ready for a bit of smooching!

**BRIDAL PORTRAITS** – This is definitely the most “traditional” of the shoots that I offer. Many brides like to have a portrait on display at the ceremony and/or reception. This shoot is based around capturing that image with your gown in a particular setting and with the perfect pose, posture, etc.

**BOUDIOR** – This session is a favorite among the guys for obvious reasons (many of my brides book this as a gift for their husband-to-be.) This shoot is very intimate and therefore requires a consultation beforehand so we can discuss the “look” you want, comfort levels, and outfits. Attire is provided by the client, and this session can be scheduled before, on the day of, or after your wedding.

**TRASH THE DRESS** – As a fresh and modern take on “Bridal Portraits,” this session is scheduled after your wedding day. Budding from fashion and glamour photography, the theory behind this shoot is that you have found the person you are spending the rest of your life with, so why keep the dress? For adventuresome, fun-loving couples who want to break away from the stress of wedding planning, I can think of no better way to celebrate the start of your life together!

**THE DAY AFTER** - This shoot is geared toward couples who don't want to take too much time out of their wedding day for a long string of posed pics. Like my “Trash the Dress” Session this shoot takes place sometime after your wedding day (wedding attire or casual) and is geared toward having a more extensive shoot together.
