## CORONAVIRUS & OUR SESSION

I have a few precautions I've implemented for the health of your family and my own :)

Please review and share it with your entire family so we can all have a fun and safe session together!

1. We'll say "hello" and "goodbye" with a friendly wave rather than my usual hug or handshake.
2. Being outside in the fresh air is a great first step! Let's try to maintain the suggested 6 foot distance between you and myself during our session.
3. I'll have a mask with me in case I need to get close. Being able to see my enthusiastic smile can really help with capturing more relaxed, natural expressions from my clients (especially kids), but please don't hesitate to let me know if you prefer I wear a mask throughout our session together.
4. Please have final payment ready, in full, to minimize handling on the spot.
5. If we are meeting at Coquina, my recommended location, social distancing is quite easy as it's fairly remote. We'll take the boardwalk from the bathhouse out to the beach, so this is the one area where you might cross paths with other beachgoers.
6. If we've made arrangements to meet at your cottage, I will call or text when I arrive and meet you outside. Please don't wait on the beach for me; the pool area makes a great meeting spot before we hit the sand together!
7. Please bring whatever you need to feel comfortable. In the past I've supplied tissues, dog treats, hair ties, bobby pins, etc. for my clients but won't have those with me this year.

I recognize there are varying opinions about the seriousness and risk of the coronavirus. I work with hundreds of clients and children each season, and I have an infant at home as well as parents who are in the high risk category, therefore I am making my best effort to adhere to the guidelines and hope you will do the same for our sitting together! :)
